

WESTMIX 3.5 Cement Mixer

Pre-Start Instructions

Before starting the mixer:

1. Check that all guards are in position and correctly fitted.
2. DO NOT wear loose clothing or jewellery that may become entangled in the workings of this machine. Suitable clothing as follows should meet relevant PPE/local safety standards: overalls, work boots, goggles, face mask, gloves and ear defenders etc.
3. DO NOT tip mixer onto the drum mouth when motor is running.
4. Ensure that any trailing cable is protected against damage and not liable to be tripped over or trapped underneath the mixer.
5. We recommend the use of a Residual Current Device (Safety Switch).
6. Remove all packaging material before operating.

When operating the mixer

1. Keep unauthorised persons away from mixing drum.
2. Keep area around the mixer clear of obstructions which could cause persons to fall onto moving parts.
3. Always ensure mixer is on level ground before mixing.

DO's & DON'Ts

DO become familiar with the controls before operating this machine.

DO ensure that all guards are fitted in the correct position.

DO replace any worn/damaged warning decals.

DO ensure the drum is rotating while emptying the mixer.

DO always switch off and remove the plug from the socket if leaving the machine unattended.

DO NOT use as a wheel barrow.

Disconnect from power supply before moving. BEWARE of the Danger Zones & Hot Zones.

BE AWARE of exhaust venting directions.

EMERGENCY STOP

If you have to turn off the mixer in an emergency you must either turn off at switch or at the mains.

FIRE FIGHTING

If your mixer catches fire, turn off the electric supply. Using a dry powder or CO2 fire extinguisher put out the fire. If the fire cannot be put out, keep away and call the fire brigade.
