

## Check lists

The checklists below are intended to assist you in checking and monitoring the machine before, during and after operation.

These checklists cannot claim to be exhaustive; they are merely intended as an aid for you in fulfilling your duties as a conscientious operator.

The checking and monitoring jobs listed below are described in greater detail in the following chapters.

If the answer to one of the following questions is NO, first rectify the cause of the fault before starting or continuing work.

## Start-up checklist

Check the following points before putting the machine into operation or starting the engine:

No.	Question	✓
1	Enough fuel in the tank? (⇒ 5-2)	
2	Coolant level OK? (⇒ 5-8)	
3	Remove water in the diesel fuel prefilter (⇒ 5-4)	
4	Engine oil level OK? (⇒ 5-5)	
5	Oil level in hydraulic tank OK? (⇒ 5-15)	
6	V-belt condition and tension checked? (⇒ 5-12)	
7	Lubrication points greased? (⇒ 5-37)	
8	Parking brake OK?	
9	Tyre condition and inflation pressure OK?	
10	Wheel nuts safely tightened (especially after a wheel change)?	
11	Lights, signals, indicators, warning lights and indicator lights OK? (⇒ 3-8)	
12	Windows, mirrors, lights and steps clean?	
13	Safety bar folded down? (⇒ 3-38)	
14	Attachment safely locked? (⇒ 3-55)	
15	Engine cover safely locked? (⇒ 3-41)	
16	Especially after cleaning, maintenance or repair work: ➡ Rags, tools and other loose objects removed?	
17	Approved warning triangle and first aid kit in the machine?	
18	Seat position and rearview mirror correctly adjusted? (⇒ 3-36)	
19	Seat belt fastened? (⇒ 3-39)	

### Operation checklist

After starting the engine and during operation, check and observe the following points:

No.	Question	✓
1	Anyone dangerously close to the machine?	<input type="checkbox"/>
2	Indicator lights for engine oil pressure and alternator charge function gone out? (⇒ 3-16)	<input type="checkbox"/>
3	Temperature indicator for engine coolant in normal range? (⇒ 3-16)	<input type="checkbox"/>
4	Control levers working correctly? (⇒ 3-1)	<input type="checkbox"/>

### Parking checklist

Check and observe the following points when parking the machine:

No.	Question	✓
1	Attachments lowered to the ground? (⇒ 3-31)	<input type="checkbox"/>
2	Parking brake applied?	<input type="checkbox"/>
<b>When parking on public roads:</b>		
4	Machine adequately secured?	<input type="checkbox"/>
<b>When parking on slopes:</b>		
5	Machine additionally secured with chocks under the wheels to prevent it from rolling away?	<input type="checkbox"/>
