

## PORTABLE HAND WASH STATION

### **Risk Assessment**

#### Avoid injury from incorrect handling:

- ❖ Use safe handling techniques to lift or move the handwash station
- ❖ Use the handwash station only as directed
- ❖ Use only on flat/stable ground to avoid unit tipping/falling over
- ❖ Avoid injury from foot pump by keeping body parts and loose clothing away from moving parts

#### Avoid risks associated with water:

- ❖ Always supervise children around water, especially where water can collect and pool. A child can drown in as little as a few centimetres of water.
- ❖ Do not drink from the hand wash station.
- ❖ Do not re-use grey water for any other purpose than that which it is permitted.
- ❖ Dispose of grey water only as permitted. Grey water can pollute and/or contaminate environment and water ways.
- ❖ Avoid contact with grey water. Use appropriate PPE.
- ❖ Use caution around handwash station as splashes/spills could cause a slip hazard.
